

LEGATO

TECHNIQUE MASTERY CHEAT SHEET

□ **TIP #1**

Identify notes that have the weakest articulation and hit them with the pick.

□ **TIP #2**

Increase the difficulty of the hardest parts of your legato licks (practice unplugged, repeat the hard parts twice & play in the lower part of the fretboard).

□ **TIP #3**

Create variations from the original legato lick you are practicing.

□ **TIP #4**

Alternate between playing your licks using legato and picking every single note.

□ **TIP #5**

Practice trills with pairs of fingers that are least independent of each other.
